1. Introduction

1.1 Background

This Emergency Reference Directory is provided as supplemental information to the emergency planning information in the Campbell Local Emergency Action Network's Emergency Planning Guidebook and Action Checklists. In addition to an extensive listing of names, telephone numbers, government agencies and resource providers, the directory contains a locator map and a brief profile of each business that has been identified in Campbell Industrial Park (CIP) and Kapolei Business Park (KBP).

This Emergency Reference Directory is intended to assist businesses within CIP and KBP identify their neighbors and provide useful information for the creation of the business' own emergency response plans. Every effort has been made to develop a current and accurate listing of Park occupants and other useful information. Personnel names, business locations and other emergency information are constantly changing within CIP, KBP and in the community. Businesses are encouraged to double check critical contact names and telephone numbers in their own emergency response plans to verify the information provided.
